

16 x 32 Studio For Lease

512 sq ft

For lease, a large 16' x 32' room in a new healing center in Armory Park (near downtown)-- for weekend workshops, weekly classes, or full-time rental.

The whole building was recently remodeled and this room has its own bathroom (with gorgeous new cabinet and sink), new tile flooring, private entrance, individually controlled thermostat (A/C and heating) and four double-hung windows that allow natural light into the room. Because of the size and the focus of the center, it is ideal for movement (yoga, tai chi) or meditation class, but all classes will be considered.

The available space is part of a relatively new holistic healing center near downtown and a great place to host a seminar or have classes. If appropriate, your event or class information will be posted in the lobby and on the website www.caritashealing.com.

There is ample, free parking, and utilities are included, as well. It is owner occupied, and well kept. More pictures are available on request.

There are MANY rent options, including renting by the month (\$870), hour (\$17) or day (\$87). Please drop me a line if you're interested and we'll try to create an option that works for you. Thanks!!
