

Treatment Room For Lease

\$337 / 150 sq ft

A space is opening up at Caritas Center for Healing for a practitioner who would like to share a treatment room with a massage therapist and professional instructor. The space is available from 3-6 days (including weekends). Being a monthly renter at the center also entitles you to being part of group advertising/promotion and referral networks.

The room available is very spacious, with two windows that you can open to get fresh air in the room. It is already furnished with a massage table, table, chair, and a beautiful rug. Part of the package includes use of our lobby, which is tastefully furnished and serves as a welcoming space for your clients.

The ideal candidate is a healing practitioner who is interested in being part of a growing wellness center and committed to providing holistic care to the Tucson community. Final rent is to be determined based on total number of days used, but for estimation purposes, the basic rental fee is \$17 an hour, or \$77 a day, and \$337 a month (for 1/2 time use). The space is available both weekend days and 2-3 days of the work week.

If you are interested in having a practice in the lovely and historic Armory Park neighborhood, which also includes the Armory Park del Sol solar community, this could be a good fit for you and I welcome your response/inquiries!
